RE: OFF HIRE SURVEY, DECK SPUD BARGE “QUINCY”

### LETTER REPORT

Dear Mr. Weiss:

This is to certify that on 5 October 2021 the undersigned Marine Surveyor, at the request of Mr. Chris Weiss, J.T. Cleary, Inc., without prejudice and for interested parties, carried out an OFF HIRE inspection survey of the deck spud barge “QUINCY” as the vessel lay afloat at 905 Sweetwater Lane, Edison, New Jersey.

### REFERENCE MATERIAL

Reference material utilized was the Meyerrose and Co., Inc. ON HIRE SURVEY REPORT, file number M-12343, date of survey 5 January 2021.

### FINDINGS

No differences in conditions of the vessel were FOUND in excess of those conditions reported in the On Hire Survey Report, and in the undersigned’s opinion there are NO Permanent repairs RECOMMENDED to rectify no changes.

### COST OF REPAIRS

For RECORD PURPOSES only, we estimate there are NO costs involved.

### CONCLUSION

In the undersigned's opinion, no changes in conditions of the vessel have occurred since the date of the On Hire survey.

The main deck plating has been variously broom swept of light dirt / debris remains.

Water levels, including ballast water levels in various noted compartments at the time of On Hire survey, remain consistent as at time of the On Hire survey.

The interested principals are to conclude the aforementioned items, including cost thereof.

The above report is a statement of opinion made, signed, and submitted without prejudice to the rights and/or interests of whom it may concern.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "J R Meyer", with a long horizontal flourish extending to the right.
