Parcel #3

21.25 Deeded Acres

USDA United States Department of Agriculture

Swift County, Minnesota

Farm 7185

Tract 2019

2018 Program Year

Map Created April 26, 2018

0 265 530 1,060 Feet

Unless otherwise noted:
Shares are 100% operator
Crops are non-irrigated
Corn = yellow for grain
Soybeans = common soybeans for grain
Wheat = HRS, HRW = Grain
Sunflower = Oil, Non-Oil = Grain
Oats and Barley = Spring for grain
Rye = for grain
Peas = process
Alfalfa, Mixed Forage AGM, GMA, IGS = for forage
Beans = Dry Edible
NAG = for GZ
Canola = Spring for seed

Common Land Unit

- Non-Cropland
- Cropland
- Tract Boundary
- Roads

Wetland Determination Identifiers

- Restricted Use
- Limited Restrictions
- Exempt from Conservation Compliance Provisions

Tract Cropland Total: 70.72 acres

United States Department of Agriculture (USDA) Farm Service Agency (FSA) maps are for FSA Program administration only. This map does not represent a legal survey or reflect actual ownership; rather it depicts the information provided directly from the producer and/or National Agricultural Imagery Program (NAIP) imagery. The producer accepts the data 'as is' and assumes all risks associated with its use. USDA-FSA assumes no responsibility for actual or consequential damage incurred as a result of any user's reliance on this data outside FSA Programs. Wetland identifiers do not represent the size, shape, or specific determination of the area. Refer to your original determination (CPA-026 and attached maps) for exact boundaries and determinations or contact USDA Natural Resources Conservation Service (NRCS). This map displays the 2017 NAIP imagery.

PAY PROPERTY TAXES ONLINE

- Pay Full Amount ($360.00)
- Pay Remainder ($180.00)
- Pay Other Amount: $ 0.00

Note: Penalties, if applicable, are figured into payment amounts

Start Payment Process

Credit Card Payments by Telephone: 1-877-690-3729
You will need the Chippewa County Jurisdiction Code of 3320 and your parcel number
IMPORTANT: For the transaction to be completed you must wait to receive a confirmation number.

Property Tax Due Dates

Real Estate 1st half May 15th
Personal Property 1st half May 15th
Mobile Home 1st half August 31st
Real Estate-2nd half
(Non Ag) October 15th
(Ag) November 15th
Personal Property 2nd half October 15th
Mobile Home 2nd half November 15th

Taxes that are $100 or less must be paid in full on the first half due date.

MAP INFORMATION

The soil surveys that comprise your AOI were mapped at 1:15,800.

Warning: Soil Map may not be valid at this scale.

Enlargement of maps beyond the scale of mapping can cause misunderstanding of the detail of mapping and accuracy of soil line placement. The maps do not show the small areas of contrasting soils that could have been shown at a more detailed scale.

Please rely on the bar scale on each map sheet for map measurements.

Source of Map: Natural Resources Conservation Service
Web Soil Survey URL:
Coordinate System: Web Mercator (EPSG:3857)

Maps from the Web Soil Survey are based on the Web Mercator projection, which preserves direction and shape but distorts distance and area. A projection that preserves area, such as the Albers equal-area conic projection, should be used if more accurate calculations of distance or area are required.

This product is generated from the USDA-NRCS certified data as of the version date(s) listed below.

Soil Survey Area: Chippewa County, Minnesota
Survey Area Data: Version 20, Oct 4, 2017

Soil map units are labeled (as space allows) for map scales 1:50,000 or larger.

Date(s) aerial images were photographed: May 3, 2015—Nov 4, 2016

The orthophoto or other base map on which the soil lines were compiled and digitized probably differs from the background imagery displayed on these maps. As a result, some minor shifting of map unit boundaries may be evident.

Crop Productivity Index

Map unit symbol	Map unit name	Rating	Acres in AOI	Percent of AOI
31D	Storden loam, 10 to 16 percent slopes, moderately eroded	64	0.4	1.9%
595F	Belview loam, 22 to 40 percent slopes	18	1.7	8.2%
J2A	La Prairie loam, 0 to 2 percent slopes, occasionally flooded	86	7.8	37.4%
J15B	Eckman silt loam, 1 to 6 percent slopes	83	0.0	0.1%
J23A	Lamoure silty clay loam, 0 to 2 percent slopes, occasionally flooded	68	3.8	18.4%
J25A	Rauville silty clay loam, 0 to 2 percent slopes, frequently flooded	27	3.3	15.8%
J77A	Lamoure silty clay loam, 0 to 2 percent slopes, frequently flooded	24	0.0	0.2%
W	Water	0	3.7	18.0%
Totals for Area of Interest			**20.9**	**100.0%**

Description

Crop productivity index ratings provide a relative ranking of soils based on their potential for intensive crop production. An index can be used to rate the potential yield of one soil against that of another over a period of time. Ratings range from 0 to 100. The higher numbers indicate higher production potential. The rating is not crop specific. Minnesota inquiries must use the 'Map Unit Cropland Productivity Report (MN)' soils report from the Soil Reports tab under 'Vegetative Productivity'.

When the soils are rated, the following assumptions are made: a) adequate management, b) natural weather conditions (no irrigation), c) artificial drainage where required, d) no frequent flooding on the lower lying soils, and e) no land leveling or terracing. Even though predicted average yields will change with time, the productivity indices are expected to remain relatively constant in relation to one another over time.
